ASTURIAS NATURAL PARADISE
FILM COMMISSION

Is a non-profit, public initiative created in 2016 to provide information and support to producers and professionals in the audiovisual sector for the realization of film shoots in our region.

Asturias boasts a wide variety of attractive resources, both natural and cultural, offering perfect settings for film and TV location scouting. Sea and mountains, historic sites and modern buildings, forests and rivers, beaches and cliffs, palaces and industrial architecture...

Over the years, the Principality of Asturias has served as the backdrop for numerous film, television series, and commercial shoots. Notable examples include the feature film **'Marrowbone'** and the series **'The girl in the mirror'**, both by Sergio G. Sanchez; **'The Skin of the Wolf'** by Samu Fuentes, **'The Zone'** and **'See you in another life'**, series created by brothers Alberto and Jorge Sánchez-Cabezudo, **'If I were a rich man'** by Álvaro Fernández Armero; **'Infiesto'** by Patx Amezcua; **'The kids are alright'** by Santiago Segura; **'The last night at Tremore Beach'** by Oriol Paulo; **'Tell me soflty'** by Denis Rovira; **'Fantastic Four: First Steps'** by Matt Shakman and **'Pluribus'** by Vince Gilligan.

TAX REBATE*:

of 30% on the first million and 25% for the remaining expenses in national and international productions and co-productions

**Check conditions. It is recommended to seek professional advice before production.*
